

TORNADO LEAVES DEATH IN ITS WAKE

MANY ARE KILLED WHEN GEORGIA LUMBER CAMP IS SWEEPED BY STORM

Two White Persons and Thirty
Negroes are Victims--Negroes
Meet Death While at Dinner
--Many More are Seriously In-
jured.

(By The Associated Press)
OCONEE, Ga., Feb. 10.—A tornado that struck the
Gardner Settlement, one mile from here, shortly after noon
today, brought death to two white persons and nearly thirty
negroes, and serious injury to five white persons and more
than a score of negroes.

A stretch of land extending almost to Toombsboro nearly
five miles long and about a mile wide, is as barren as a
barren tonight, not a building or tree being left standing.

Among the dead is Benjamin Orr, 14 years old, who was
decapitated. The other white person who met death was
the three years old daughter of E. L. Minor, manager of
Shepard's commissary at the Cleveland, Oconee Lumber
Company.

Eighty children and three
teachers were in a school build-
ing at the edge of the Gardner
Settlement when the tornado
struck.

The building was twisted to
pieces and the fragments scattered
for miles. Children were
picked up by the wind and carried
for some distance, but only
one was seriously bruised. Ap-
proximately forty houses were
blown down in the Gardner set-
tlement. The Shepard Brothers
commissary at the big lumber
plant was reduced to kindling
wood. Orr and four negroes
meeting death there. Ten feet
away from the commissary the
general office of the Cleveland-
Oconee Lumber company was un-
touched.

The fifteen acre plant of the
lumber company was not seriously
damaged although millions of feet
of lumber were scattered. The
tornado spent its force locally im-
mediately beyond the plant of the
lumber company in the settle-
ment of forty houses and four
stores. Most of those residing
there were negroes who were
carried to their death from their
seats at dinner tables.

Ten minutes after the tornado
had wiped out the Gardner Set-
tlement, a Central of Georgia lo-
cal freight train running from
Savannah to Macon, arrived on
the scene. The conductor immedi-
ately ordered the locomotive de-
tached from the train and with
the crew fled to Tenville,
eleven miles away for aid.
Coaches were commandeered
from the Wrightville and Ten-
nille railroad and four doctors
46 persons were obtained in the
relief party and the train re-
turned there.

The body of a three-year-old
negro infant was found at the
roots of a tree the top of which
had been twisted off. The child
had been carried head foremost
from its home against the tree.

A negro man and his wife were
found more than a hundred
yards from their home lying side
by side in the road, both dead.

The bodies of several small ne-
groes were found in trees out of
the path of the tornado suspended
on the limbs by their clothing.
The bodies of grown negroes
were thrown into a field in a
semi-circle and in the center of
the group was a goat which stood
like a statue, too frightened to
move for hours after the storm
had passed.

Storm Comes at Dinner Time.
According to residents of the
community the clouds lowered
just as the employees of the lum-
ber plant left their work for din-
ner. The atmosphere became ex-
tremely hot and because of the
darkness in many homes lamps
had been lighted when the tor-
nado broke.

One person in the outer edge of
the storm swept path, who es-
caped injury declared he saw a
string of box cars moving toward
him. Then as suddenly, he said
the box cars were reversed and
when he looked again they were
again coming toward him. These
cars were found to have been
blown from the rails.

Chickens that escaped death in
the path of the storm were in
many instances plucked of their
feathers. There were many ani-
mals killed. Many of the injured
being cared for in nearby
hospitals and word was received
from Atlanta that nurses with
and medical supplies are being
sent here.

MASHERS MEET WITH BAD LUCK IN MILWAUKEE

Two Are Fined for Express-
ing Themselves
Aloud

ONE SAID HE WAS
TALKING TO SELF

(By The Associated Press)
MILWAUKEE, Wis., Feb. 10.—
Silence is golden, two Milwaukee-
ans learned to their cost today.

"Come here," said John Wil-
liams, as two girls, escorted by a
man and a Spitz dog passed him.
The man turned, struck Williams
and had him arrested.

"I was talking to the dog," said
Williams to Judge Page. "When
I remarked there was some dog
to 'em I was referring to the Spitz
variety."

From his seat in a street car
directly behind two young women,
Sherley Mann was giving expres-
sion to his admiration of feminine
pulchritude. The girls had him
arrested.

"I was merely talking to my-
self," expressed Mann to Judge
Page.

A fine of \$15 and costs was im-
posed in each case.

LOCAL MAN ELECTED BY GRAIN DEALERS

Thomas R. Cain is Director of Dis-
trict Number Five--Next Ses-
sion to Be Held at LaSalle.

(By The Associated Press)
CHAMPAIGN, Ill., Feb. 10.—
After electing officers for the com-
ing year the Illinois Farmers'
Grain Dealers' association in con-
vention here, adjourned at noon
today. LaSalle, was named as
the place for the meeting in 1922.

The officers elected were:
President—Harry Wood, Dela-
ware; vice-president, Fred Mudge,
Peru; second vice-president, L. B.
Olmstead, Somonauk; treasurer,
William Byrdale, San Jose; direc-
tor of district number two, Rob-
ert Peterson, Oswego; director of
district number five, Thomas R.
Cain, Jacksonville.

The resolutions committee did
not complete its work before ad-
journment and will report to the
executive committee at a special
committee.

The convention went on record
favoring the organization of the
Farmers' Elevator Co-operative
Supply company, organized for the
purpose of co-operative buying of
elevator supplies and the organiza-
tion of this branch was to be ef-
fected late today.

MISS MAYFIELD WEDS

ASKED TO LEND SUPPORT TO SALE OF STATE BONDS

North Dakota Seeks to
Establish Rural
Credit

NON PARTISAN LEAGUE
APPEALS FOR HELP

(By The Associated Press)
CLEVELAND, O., Feb. 10.—
The All-American co-operative
congress representing farm and
labor organizations of the country
was appealed to today by
Spurgeon O'Dell, representing
the State Banks of North Dakota
to give the moral and financial
support of labor and farmers or-
ganizations of the country to the
Non-Partisan League's program
for the sale of bonds of the state
of North Dakota for the develop-
ment of rural credit loans, the
purchase of mills and elevators
and home building.

Explaining recent political re-
verses of the Non-Partisan league
in North Dakota, O'Dell said:
"One mistake we made in
North Dakota is that we have
been too Democratic. We have
given the people the initiative
and referendum and they have
forced us to a referendum seven
times. Last July the recall went
into effect in North Dakota and
now they are trying to trump up
charges on which to recall the
state officials."

Confine Self to Subjects.
C. P. Gustafson, president of
the Nebraska Farmers' Union
and head of the cooperative mar-
keting department of the Ameri-
can Farm Bureau Federation
said the conference would en-
deavor to confine its action to its
subjects, the development of co-
operative marketing and estab-
lishing of co-operative banks.

Warren S. Stone, grand chief
of the Brotherhood of Locomo-
tive Engineers and Frederic C.
Howe, secretary of the commit-
tee on cooperative banking and
credit of the American coopera-
tive commission discussed coop-
erative banking systems and
credit unions tonight.

Credit union banks for work-
ing men and farmers in which
small loans could be negotiated
on character of persons seeking
the loans were explained by Mr.
Stone and Mr. Howe. They pre-
dicted that the time was not far
distant when there would be
thousands of the credit union
banks and hundreds of coopera-
tive commercial banks scattered
through the country.

L. E. Shepard, of Iowa, presi-
dent of the Order of Railway
Conductors also spoke.

FORD COMPANY PLANS ALTERNATING SHIFTS

DETROIT, Mich., Feb. 10.—A
plan of alternating shifts that will
enable practically all married
employees of the Ford Motor com-
pany to work part time until
the plant resumes normal op-
erations was announced today.

The shift employed now com-
prising about 10,000 will be suc-
ceeded next week by another
shift of equal size. It was an-
nounced at the company's offices
it is planned to alternate the
shifts hereafter, every two
weeks until full time employ-
ment is available. Employees
who go off duty at the close of
this week have been working
since the plant partially reopen-
ed Jan. 31.

MISSOURI U. WILL
RECEIVE \$2,500,000

Jefferson City, Mo., Feb. 10.—
The Missouri state university
will receive \$2,500,000 for the
next biennial period or \$1,000,-
000 more than was appropriated
by the last legislature according
to an agreement reached by the
house committee on appropri-
ations today.

SEATTLE BRICKLAYERS VOTE WAGE REDUCTION

Seattle, Wn. Feb. 10.—Union
bricklayers of Seattle have voted
a voluntary wage reduction of 10
per cent, effective next Monday,
the new scale of \$9 a day to re-
main in effect one year, union
officers announced today. The
announcement said the reduction
was made to assist in stabilizing
the city's building industry.

RULING BY LABOR BOARD SURPRISES WARRING FACTIONS

Employees Character-
ize the Ruling as
Victory

BOTH GRATIFIED THAT
HEARING IS TO PROCEED

(By The Associated Press)
CHICAGO, Feb. 10.—The rules
controversy now before the United
States railroad labor board today
brought a ruling from the board
that the employees characterized as
a victory.

The board decided that present
national agreements shall remain
in full force until completion of
the present hearing. The ruling
came as a surprise to both railroad
and labor camps and upset plans
of union officers for a bombard-
ment of the railroads' request for
immediate abrogation of the agree-
ments.

Fortified with a legal battery
headed by Frank P. Walsh, the
labor representatives appeared to-
day to answer the requests of W.
W. Atterbury speaking for the
railroads for quick abolition of
the national agreements. The
board's decision against granting
the request left little for the labor
men to do except file a statement
prepared by B. M. Jewell, president
of the railroad employees' depart-
ment of the American Federation
of Labor.

Both sides expressed gratifica-
tion that the hearing would pro-
ceed in the regular manner. W.
W. Atterbury speaking for the
railroads, declared that if there
was urgency on January 31, when
"made hell out of the board"
there is still more now.

W. Jewell, consulting econo-
mist for the labor men, however,
declared the real issue was not
the rules themselves, "but what
they concretely sanction the prin-
ciple of collective bargaining on
the basis of union recognition."

Disturbances Will Cease
"When this principle has been
received the board's sanction, no
further disturbances or acute con-
troversies will occur on the rail-
roads," Mr. Jewell said.

The board's ruling today reviewed
the powers delegated to under the
transportation act and declared
its duty to be that of deciding just
and reasonable wages, salaries and
standards of working conditions.

Plea for their abrogation on ac-
count of financial inability to pay
wages awarded by the board was a
matter outside the board's juris-
diction the ruling said and should
go to the interstate commerce com-
mission.

The executives' request for
permission to pay common la-
borers on the basis of the scale
prevailing in different localities
was also denied and leaves the
basic railroad rate at 37 to 48 1/2
cents per hour.

The Jewell and Walsh charges
slammed down to declaration of a
conspiracy on industry to crush
the railroad unions and reiterated
charges that New York banking in-
terests were so interwoven with
the directors of prominent rail-
roads that these banking interests
controlled 82 of the leading roads
of the country with 75 per cent
of America's railroad mileage.

Mr. Walsh asked that these in-
terlocking directors be called be-
fore the board for interrogation
but did not make wholly clear
just what would be gained by their
testimony. The board took the
request under consideration. The
labor board will sit in executive
session tomorrow and Saturday
and will see the case for contin-
gencies today. The case hearing
dependent upon the labor's side preparation
for presenting their testimony.

INJUNCTIONS TO CLOSE SALOONS

(By The Associated Press)
CHICAGO, Feb. 10.—Injunc-
tions asking that the thirty
even saloons in Hurley, Wis., be
closed for a year, for violation of
the Volstead act were filed in the
United States district court in
LaCrosse, Wis., today by Super-
vising Prohibition Agent Frank
D. Richardson. It was announced
today, Mr. Richardson said in
making the announcement, said
the injunctions which were filed
by Attorney Leo G. Hanna, will
be heard next week by Federal
Judge Keneas M. Landis who
is expected to go to LaCrosse
next Monday.

SMALL REFUSES TO GRANT REPRIEVES TO CONVICTED MEN

Both Are Sentenced to Hang
For Murder
Today

LEGISLATORS PLEAD
FOR ONE OF THEM

(By The Associated Press)
SPRINGFIELD, Ill., Feb. 10.—
Governor Len Small tonight act-
ing upon recommendation of the
state board of pardons and paroles
refused to grant reprieves to Ed-
ward Brislane and Settimo DeSan-
tis both of whom are to be hanged
tomorrow.

Brislane was convicted of kill-
ing the manager of a Chicago mo-
tion picture theater while in the
act of staging a holdup.

With another Italian named
Blanco who committed suicide in
the jail while awaiting trial De
Santis was convicted at Marion,
Williamson county of killing two
boys, Amel Calcestra and Tony
Hemphill, and burying their bodies
in the woods.

Three members of the legisla-
ture. Representatives Rutshaw,
Kump and Joyce, urged that a
reprieve be granted Brislane. At-
torney Arthur A. Hueh, of Chi-
cago, accompanied by Brislane's
mother and sister made a final
appeal for his life before the gov-
ernor late this afternoon.

MINNESOTA GOVERNOR ASKS INVESTIGATION

Would Have Government Look
Into Airplane Accident--Says
Should Discontinue Mail Ser-
vice With Obsolete Equipment

(By The Associated Press)
ST. PAUL, Feb. 10.—Immediate
investigation of the airplane ac-
cident at LaCrosse yesterday
which resulted in three deaths, is
asked by Governor J. A. O. Pless
of Minnesota, in a telegram dis-
patched tonight to the postmaster
general at Washington.

Discontinuance of the Chicago-
Twin Cities air mail service rather
"than sacrifice further lives," by
its operation with "obsolete equip-
ment," is preferable the governor
said. He also called to attention
the mail plane accident near Men-
doza, Minnesota a week ago when
one man was killed and another
injured.

"The death of four flyers and
the serious injury to another with-
in six days in addition to numer-
ous forced landings due to motor
trouble, prompts me to urge an
immediate investigation of the
equipment in the use and the man-
agement of the air station at St.
Paul," said Governor Pless tele-
gram. "Reliable technical authori-
ties inform me that poor showing
of the Twin City-Chicago service
is not due to climate conditions,
but, primarily, to the obsolete
equipment in use."

"While fire is not uncommon in
the air, the death from fire of the
three flyers at LaCrosse amounts
almost to manslaughter since the
J. L. all means of escape are un-
animously condemned by the best
aeronautical authorities in the
country."

DRASTIC IMMIGRATION MEASURE PROPOSED

Has Been Approved and Reported
By Senate Immigration Com-
mittee.

(By The Associated Press)
WASHINGTON, Feb. 10.—Re-
striction on immigration, said to
be more drastic than those pro-
posed in the House, or Johnson
bill, are contained in an emergen-
cy measure approved and report-
ed today by the Senate immigra-
tion committee. The measure
decided on as a substitute for the
bill passed several weeks ago by
the House would become effective
next April first and continue in
force only until June 30, 1922.

During the fifteen months the
bill's restrictions would be in ef-
fect Senate leaders are confident
permanent immigration will be
enacted and in the meantime the
predicted flood of aliens would be
stopped.

The bill, as reported by the
Senate committee would limit the
immigrants admitted to the United
States annually from any one
country to five percent of the na-
tionals of that country in the United
States at the time the 1910
census was taken. The measure,
however, provides that it "shall
not be construed as amending, re-
pealing, or modifying any law or
agreement now existing which for-
bids the admission of any alien or
any nationality or geographical
boundary."

BOTTOM DROPS OUT OF EGG MARKET

Toledo, O., Feb. 10.—Whole-
sale prices for fresh eggs were
cut five cents here today, making
a total decline of 20 cents with-
in a week. This brings the price
to 38 cents for select and 35
cents for candled grades. The
retail price is 40 to 43 cents a
dozen.

WILL INVESTIGATE MANNER IN WHICH BERGDOLLESCAPED

Congress to be Asked
for Authority to
Delve Into Case

SECURED GOLD FROM
U. S. TREASURY

(By The Associated Press)
WASHINGTON, Feb. 10.—After
developing some of the high
spots in the case of Grover
Cleveland Bergdell, the house
military committee decided today
to ask congress for authority to
find out how the rich Philadel-
phia draft dodger escaped from a
military guard and made his way
to Germany the country he had
refused to fight.

The committee voted to go to
the bottom of the case after hear-
ing District Attorney Charles
D. McAvoy of Philadelphia, who
declared there was no evidence
to justify the charge that any
body connected with the war de-
partment had been corrupted
with Bergdell money. The name
of D. Clarence Gibbons, counsel
for Bergdell, was brought into
the proceedings and Mr. McAvoy
was quite positive in asserting
the belief that Gibbons was
drowned in Mexico despite an
anonymous report received by
the committee that he was alive.

Chairman Kahn, who intro-
duced a resolution last May pro-
viding for appointment of a spe-
cial committee to conduct the
Bergdell investigation announced
today that enough evidence
had been secured to indict.

Effected thru bribery.
Recent statements by cabinet
members by the former military
convict prompted the committee
to renew effort in accordance
with the navy's charge that he
had obtained from the treasury
department and concealed in the
woods \$195,000 in gold to be
used in effecting his release thru
bribery of government officials.

Leaving aside a number of de-
tails connected with Bergdell's
escape the committee will seek to
ascertain what influence enabled
Bergdell to obtain so much ac-
tual gold from the treasury at a
time last year when the supply
was being conserved. The more
important threat to be followed
members said was the ability of
the prisoner's lawyers to obtain
his release under guard for the
purpose of proceeding to the end
of a rainbow in the hills of Mary-
land to find and dig up his pot of
gold. It was while he was out
on the golden chase that Berg-
dell, stopping over in Philadel-
phia to visit his mother, indicted
guards and slipped away.

Mr. McAvoy declined to ex-
press an opinion in the advisabil-
ity of release from prison on the
flimsy tale of treasure buried
like the hidden fortunes of Cap-
tain Kidd.

Most of the district attorney's
testimony related to many cir-
cumstances long ago revealed in
connection with the story of
Bergdell. He told of how Mrs.
Bergdell had paid out \$12,500 in
fees she quit, he said, and left
with him, eluded his plan of
buying his freedom. The com-
mittee will endeavor to get early
action in the house on the Kahn
resolution by obtaining a rule
giving it privilege status.

The hearing today was only
the skimming of the surface, but
as Mr. Kahn explained it, went
deep enough at times to see the
possibility of startling disclo-
sures behind the whole story of
the millionaire who would not
fight under the American flag.

SUGGESTS PURCHASE OF GERMAN INTERESTS

WASHINGTON, Feb. 10.—
Purchase by the United States
of all German cables and her South
African and Pacific colonies was
proposed in a resolution intro-
duced today by Senator France,
Republican, Maryland. It was
referred without discussion to
the foreign relations committee.
The resolution suggested \$5,-
000,000,000 as the consideration
to be credited against the in-
debtedness imposed on Germany.
Senator France also proposed an
international congress to fix Ger-
many's indemnity at \$15,000,-
000,000.

SOLDIER BONUS BILL GIVEN OFFICIAL O. K. BY GOVERNOR SMALL

Provides for a \$55,000,000 Bond Issue to
Make the Bonus Payments—This is Only
Bill Put Forward by the American Legion
—Armistice Day to Be a Legal Holiday

(By The Associated Press)
SPRINGFIELD, Ill., Feb. 10.—The American Legion's
bonus bill, approved by Gov. Small, providing compensa-
tion of \$15 a month for every month served in the U. S.
army or navy during the world war by Illinois men and
women, was introduced in the house this morning by Repre-
sentative D. S. Myers, Republican, of Pontiac, a former lieu-
tenant-colonel.

A \$300 limit on the bonus amount is fixed. At least two
months service in the army, navy, marine corps or Red
Cross is required. Conscientious objectors, civilian army
workers, student soldiers and dishonorably discharged
persons are barred from the benefits of the proposed law.

The bill provides for submit-
ting at the November 1922 elec-
tion a proposition to issue \$55,-
000,000 in bonds to make the
bonus payments.

The governor placed his stamp
of approval on the Myers bill af-
ter a conference with Col. Myers
yesterday. The bill is the only
bonus measure bearing the official
"O. K." of the American Leg-
ion. Legion officials in determi-
ning the program decided to
make the proposed bonus law a
house measure to be introduced
by an ex-soldier. Col. Myers is
chairman of the military affairs
committee and is the only first
term member of the house to
draw a chairmanship.

Factional war in the Republi-
can party in Illinois over the
rights of the "old" and "new"
committees would be ended by a
bill introduced this morning by
Senator Simon E. Lantz of Wood-
ford county. The bill validates
the election of all committeemen
elected in April 1920 under the
primary law of 1919 declared
unconstitutional by the supreme
court in the Fox case.

Armistice Day, November 11, is
declared a legal holiday in Illi-
nois in a bill introduced in the
house this morning by Represen-
tative Harlan B. Kauffman, Re-
publican, of Oregon.

Representative Williams, H.
Cruden of Chicago introduced a
bill to boost the salaries of the
members of the general assembly
to \$5,000 after 1922.

Twelve new bills in the house
and three in the senate is the
record of a short session before
adjournment this morning.

Persons circulating on
banks by maliciously circulating
false statements or rumors con-
cerning banking houses would
be fined \$500 under the provi-
sions of a bill introduced by Re-
presentative W. B. Phillips of Jeffer-
son county.

The teachers who talk about in-
creases in salaries have the best
of the argument if statistics are
studied. During the past year,
20,000 schools in the U. S. were
closed because the authorities
could not find people to teach
them.

THE DEBT OF THE CITIZEN.
A Houston, Tex. man who died
not long ago was a shining exam-
ple. He left all of his consider-
able estate to the people of his
home city. He said in his will
that he had come to Houston
practically without a dollar, that
he had made his money there and
had received many benefits beside.
He felt his debt to the commu-
nity and could think of no better
way of paying it than by turning
his money back to the people for
their benefit. There are entirely
too few people in this world who
fully recognize their responsibility
to the home community and to
society in general.

A PRODIGAL BUYER.
Another report shows that the
Government still has something
more than \$6,000,000 worth of

goods in storage. These goods
are part of the vast stores pur-
chased during the wartime, and
for one reason and another have
not yet been released. It is well
enough to say that there should be
no criticism of the Government
operations in wartime, that the
thing to do was to get possession
of needed supplies, no matter what
the cost.
But certainly the greatest pro-
digality characterized the purchas-
ing department and enough com-
modities of certain kinds were
stored to have lasted if the war
had continued thru a period of
further years. All this was done
at a time when individuals were
being continually urged to curtail
their purchases.

hands of the citizens of Jackson-
ville. This means that the mayor
whose petition for re-election was
filed yesterday without this knowl-
edge, will accept the challenge to
service. The city's executive thinks
quickly and shortly after the an-
nouncement of the filing of the
petition was made, when asked
the direct question as to his
course, replied that he was willing
to serve if the people of Jackson-
ville desired him to do so.
This statement was made with
some explanatory sentences be-
cause the willingness of Mayor
Crabtree to take the office for an-
other two years is a matter of per-
sonal sacrifice. Business is in-
creasing demands upon his
time, and to add the duties of the
mayor's office means a continual
crowding of the days for the next
two years. However, Mayor Cra-
btree is fully appreciative of the fine
support given him during the past
two years, both within the coun-
cil and by citizens generally.
No doubt it is because of his

belief that the people will continue
to co-operate in efforts they think
are for the best interests of the
city, that he is willing to remain
at the head of city affairs for an-
other administrative board. This
is not a case of office seeking. For
him there are no rewards other
than the satisfaction which may
come from accomplishing difficult
tasks, or from making contribu-
tions to the general spirit of co-
operation which exists today in
Jacksonville in a most gratifying
degree.
It goes without saying that
Jacksonville is fortunate in this
situation, for it is unusual indeed
for a city to have as its chief ex-
ecutive one who has no thought of
personal profit, of self-aggrandize-
ment, nor of political power, pres-
ent or future. The record of the
past two years affords proof of this
characterization and the city is
doubly fortunate in finding that
such an official is willing to serve
for another term.

**CELEBRATE SILVER
WEDDING ANNIVERSARY**

Mr. and Mrs. Albert J. Hall Quiet-
ly Celebrate 25th Wedding
Anniversary at Home in This
City.

Mr. and Mrs. Albert J. Hall re-
cently celebrated the twenty-fifth
anniversary of their marriage.
No formal celebration was held,
but friends and relatives called
during the day and wished them
many happy returns. It was in
1896 that the marriage of Albert
J. Hall and Miss Julia Montgom-
ery took place at Virginia, Ill.
For seven years the family
home was on the Hall farm near
Markham, and the balance of the
twenty-five years since their
marriage has been spent at Waver-
ly, where Mr. Hall was engaged in
the merchandising business.
Last year Mr. and Mrs. Hall
and family removed to their pres-
ent home on South Main street in
this city, where they are comfort-
ably located.

CARD OF THANKS.
We wish to extend sincere
thanks to our friends and neigh-
bors for the kindnesses shown
us during the loss of our dear
husband and father, John King.
Especially do we thank the
Knights of Pythias, Barbers' Un-
ion and the Christian Scientists,
from whom we received so much
comfort.

**WILL HOLD DEBATE
WITH EAST ST. LOUIS**
The East St. Louis high school
will probably hold a joint debate
with Jacksonville high school. A
request for such an event was re-
ceived in a letter from East St.
Louis. The local high school
people accepted the challenge and
suggested the question: "Re-
solved that the Philippines should
be given independence within the
next four years." It is expected
that a debate will be arranged
for at a comparatively early date.

Ouch!
"Don't stick your head so far

"I'll stick my head out as far

**FACULTY RECITAL
AT ACADEMY HALL**

A recital was given last evening
in Recital Hall, by members of the
faculty of Illinois College Conser-
vatory. The program, of excel-
lent variety and careful selection,
was presented before an audience
which filled the hall, both vocal
and instrumental, being furnished
by Misses Ruth Melba Armstrong,
mezzo-soprano, and Miss Virginia
Bullard, pianist, assisted by Miss
Carrie Dunlap, violinist, and Mr.
Paul C. Beebe, cellist.

The opening number was the
first movement of a trio in F ma-
jor by Godard, played by Misses
Bullard and Dunlap and Mr. Beebe
with remarkably sympathetic en-
semble and commendable brillian-
cy. It was an excellent number
with which to begin a program,
possessing both melody and
rhythm to an unusual degree.

Miss Armstrong's first selection
was the familiar and always beau-
tiful Aria from Saint-Saens' "Sam-
son and Delilah." This wonderful
melody, with its vividly emotional
quality, seems to be particularly
well suited to Miss Armstrong's
voice, whose range, sweetness and
power have never been more evi-
dent.

The group of piano solos given
next by Miss Bullard showed a
great variety of ability in inter-
pretation as well as technique. The
Debussy Prelude was as bizarre
as it was intended to be, the
charmingly sensuous Lento of
Scott received the warmth and
varied nuance that are its due. In
the Chopin waltz and the Kreisler
Liebesfreud the pianist seemed
to feel absolutely at home, play-
ing with true musical abandon
and producing some lovely tone.

In her group of five songs, Miss
Armstrong again revealed an in-
tellectual use of her vocal equip-
ment, displaying her complete con-
trol over the varied styles of these
songs. In the last number, "Sing
to Me Sing" she stirred the audi-
ence to a most enthusiastic pitch.
In both the songs and the Aria
her diction was most excellent.

The Rubinstein Concerto, which
served Miss Bullard as her last
piano number, was performed
with the same remarkable bra-
voura that distinguished it last
June when she played it at her
graduation. Her power is aston-
ishing, and the melodies that
abound in this fine Allegro were
produced with delightful clear-
ness and musical feeling. The
whole performance was a finished
one, artistic in the best sense.

A word of commendation must
be said for the accompanist, Miss
Duncan, who supported the singer
well, bringing out the many beau-
ties of the piano part with real un-
derstanding and sympathy.

Following is the program in
full:
Trio, op. 72, for piano, violin
and 'cello, Allegro moderato; God-
ard—Miss Bullard, Miss Dunlap,
Mr. Beebe.
Aria, "My Heart, at Thy Sweet
Voice," (from "Samson and De-
lilah"); Saint-Saens—Miss Arm-
strong.
Prelude in A minor.... Debussy
Lento..... Cyril Scott
Waltz in D flat major.... Chopin
Liebesfreud..... Kreisler
Miss Bullard.
"From the Land of the Sky-blue
Water"..... Cadman
"Far off I hear a Lover's Flute"
..... Cadman
"The Moon Drops Low"..... Cadman
A Spirit Flower..... Campbell-Tipton
"Sing to Me, Sing"..... Homer
Miss Armstrong.

Concerto in D minor (Allegro
moderato) Rubinstein—Miss Bul-
lard.

JACKSONVILLE AND JERSEYVILLE TONIGHT

Strong Jersey County Team Plays Locals in David Prince—Coach Mitchell Men Hope to Reverse Decision in Former Tilt.

Jacksonville high will have the Jerseyville five for an opponent in David Prince gymnasium tonight. Jerseyville, while not as strong as in former years, still a formidable opponent. She defeated the locals on the Jerseyville court several weeks ago by a score of 29 to 21.

While Coach Mitchell's men has been showing in an out form thruout the season, their supporters are hoping they will strike their stride and play consistent basketball in this contest. If they display the brand of basketball revealed in the Griggsville game they should be returned the winners.

In fact, the kind of basketball played against Pittsfield should beat Jerseyville. Coach Mitchell has not announced his lineup but it probably will be the same as that used in the game against New Berlin.

PITTSFIELD PLAYS WAVERLY TONIGHT

Strong High School Basketball Fives Clash at Waverly—Coach Chenoweth's Team Not In Best of Shape.

Waverly, Feb. 10—Pittsfield high school meets Waverly here tonight in a game that probably will decide the championship of this section.

The teams are considered the strongest in this part of the state and the winner of this game will be conceded the honors of central western Illinois. The teams will not meet in the district tournament as has been the case in the past, as Pittsfield this year plays at Quincy while Waverly is in the Jacksonville district.

Pittsfield has been playing consistent basketball thruout the present season. The visitors will have an edge on Waverly because of Knight's injury and the ineligibility of Gorman forward and captain of this years team.

Gorman was married a few days ago and this will bar him from further competition in high school athletics. Coach Chenoweth has been working hard to overcome these handicaps and expects his men to put up a strong game against the Pike county team.

Waverly will present the following line-up: Redfern, Jarrett, forwards; Crum, center; Hughes, Harris guards. All of the men, with the exception of Harris, are veterans and the fans know what they will do under fire. Harris has shown up well in the reserve squad and his supporters are predicting he will come thru in the pinch.

Waverly is making arrangements for a big crowd. However, it will not be as large as usual, because bad roads will keep many from making the trip to Waverly by automobile. Small, or Lincoln College, has been secured to referee the game.

INCOME FACTS YOU SHOULD KNOW

Study of the income-tax law and regulations reveals interesting phases with regard to allowances for deductions.

For example, a woman who has won a breach of promise suit, or has accepted out of court a settlement as heart balm, must include the amount received in her income-tax return for the year 1920. The Bureau of Internal Revenue has decided that such payments are within the law's definition of income and are taxable to the recipient for the year in which received.

Payments of alimony, however, is not taxable income; neither may it be deducted in the return of the person paying it.

The bureau's official ruling relating to breach of promise suits and settlements out of court is as follows:

"Damages in the form of yearly payments thruout the life of a party recovered thru the compromise of a threatened suit for breach of promise or marriage, are not regarded as a return of capital since the benefits of which the injured party was deprived were merely anticipatory."

Members of a labor union may deduct as a business expense dues paid to such organizations during the year 1920. The Bureau of Internal Revenue has ruled.

Payment for overtime, at the actual rate received, must be included in computing gross income. All compensation for personal services must be considered in the making of a correct return. A married man must include the income of his wife—unless she makes a separate return—and that of dependent minor children.

While amounts received as compensation for personal injuries or illness are not taxable, the man who during the year 1920 recovered damages in a libel suit must include in his return such amount, which is held to be taxable income. The revenue act specifically exempts amounts received thru accident or health insurance, or under workmen's compensation acts for personal injuries or illness plus any additional amount received by suit or agreement in such cases. No provision is made, however, for the exemption of payments as balm for wounded feelings.

NO CHURCHES UNITE IN BANQUET LAST NIGHT

Men and Boys of Congregational and Methodist Churches met at Pilgrim Memorial.

There were seventy-five men and boys at the fathers and sons banquet given Thursday night at the Pilgrim Memorial of the Congregational church. This event had been arranged for the men and boys of both the Congregational and Westminster churches. The invocation was by Dr. R. O. Post. Members of the Young Women's Guild served the excellent dinner and then came an interesting program with Dr. C. H. Rammekamp presiding as toastmaster.

The assembly room of the Memorial building is admirably adapted for such an event and the tables were so arranged that the service was exceedingly prompt.

Dr. Rammekamp proved an excellent choice for the position of toastmaster. In his opening remarks he referred to the fact that while he has not had large experience with sons of his one, that for twenty years or more he has been somewhat intimately associated with the sons of other men.

The first speaker was Principal Shafer of the Jacksonville high school, whose theme was "Father and Son in the Home." Mr. Shafer described what he counted the most desired relationship and then spoke of ideals of conduct for boys. He said that resolutions carried out are most helpful in the life of both men and boys, and the important thing is not to make resolutions but to carry them out.

Franklin Scott, as a son, was the next speaker and had for his theme, "Our Country." The young man made reference to the duty of citizenship and said that one of the great troubles with municipalities is the failure of men to realize fully the duties of citizenship. He quoted some verses from Rudyard Kipling as holding out the ideals of service and right living, and the audience found the verses well given and of great worth.

George Drennan spoke of high school boys and discussed from a son's standpoint, some of the problems that come to the average youth. W. J. Brady told the story of the success of two Jacksonville boys because of their Christian training and their constant endeavor to do all things well.

Others who spoke were Earl M. Spink, "The Place of the Young Man in the Church," and H. L. Caldwell, "Possibilities of the New Church Addition."

Stanley Davis gave a splendid sleight of hand exhibition which was enthusiastically applauded. Mr. Davis interspersed the magic tricks with the "line of talk."

that ledgerman artists usually set forth, and his performance was a real contribution to the program. Harold Kamm was his assistant.

J. H. Collins, father of Rev. W. E. Collins, sang two songs which the company of men greatly appreciated. He has a voice of fine range and ability. Still later in the program Mrs. A. R. Gregory whose musical ability is a matter of common knowledge, sang a solo, and then responded with the encore number which the company demanded. Willard Wesner was accompanist for both singers. Altogether it was a very successful program.

POLICEMEN FIND COMPLETE STILL

Whiskey Making Apparatus Taken Under State Search and Seizure Act.

It looks like a distillery down at the police headquarters. The whiskey making apparatus represents the spoils taken in a raid by Chief of Police Kiloran and members of the day and night force on the residence property at 745 North Diamond street. A copper boiler with the necessary coils, an oil stove, various utensils and a large quantity of "hooch" were all found in an upstairs room of this house. The "keeper" was not to be found and was said to be out of the city yesterday when the whiskey making apparatus was seized. The police have a line on the man and his arrest is expected to follow.

This was the first occasion here for the use of the search and seizure act. It was by authority of such a writ that the police made entrance to this house and discovered the still. Chief of Police Kiloran secured information about the apparatus and then consulted State's Attorney Robinson. The necessary affidavit was made out and then the warrant was issued by Judge Samuel.

This matter of search and seizure is not as simple as it is sometimes thought. Before a court can issue a warrant, an affidavit must be filed by the official asking for the writ, wherein reasons are set forth why the writ should be issued. These reasons must include trustworthy facts tending to prove that goods of the kind sought are to be found within the property to be searched. The reasons cannot be a matter of guesswork or theory.

The police had reason to be well satisfied with the result of their raid yesterday.

ILLINOIS COLLEGE TO MEET MILLIKIN

Coach Harmon's Five Will Clash With the Strong Wann Machine Tonight—Millikin Has Clean Slate So Far This Year.

Coach Harmon and his basketball squad will journey to Decatur this morning, where they will meet the strong Millikin five tonight.

Millikin has a strong team despite the fact that Gill, captain, and center is out of the game on account of injuries. The team so far has a clean slate against conference teams and recently added the scalps of Knox and Normal to her string.

Illinois is not in the best of condition for this game. Some of the strongest second string men as down in their studies which does not give Harmon much of a reserve force in case of accident or a player being sent out because of personal fouls.

The Blue and White men know what they are up against tonight but will go in there with that old Illinois fighting spirit. It would be too much to expect them to defeat Millikin on her own floor. However, the Illinois men will give their ancient rivals the best they have throughout the forty minutes of play.

Saturday night Illinois returns and plays Bradley of Peoria, in David Prince gymnasium. This is the first time Bradley has ever sent a basketball team to Jacksonville. The Bradley five played a close game with Eureka, the meeting with defeat. As Eureka also defeated Illinois by a close score the teams should be evenly matched.

Coach Harmon will take the following men to Decatur: Antrobus, Brown, Harney, Farrell, forwards; Mellon, center; Cully, Jones, Burrus, guards.

HAVE UNIQUE RECORD OF WEDDED LIFE

Mr. and Mrs. S. M. Hussey Will Observe Fifty-Seventh Wedding Anniversary Today.

Today marks the 57th wedding anniversary of Mr. and Mrs. S. M. Hussey, well known residents of Morgan county. Their home now is on South East street. Before coming to Jacksonville Mr. and Mrs. Hussey lived for a number of years in Pisgah precinct and they have been residents in this community for twenty-two years. Mr. Hussey was a native of Greene county and was born there in 1826, so that he is now at the ripe age of 84. While he was a boy the family home was changed to Logan county, this state. His marriage to Miss Mary R. Purvis occurred in 1844 and their home for a number of years was in Macoupin county.

Mr. Hussey is now in the employ of the Gause Plumbing Co., and notwithstanding the fact that he has lived so many years, he is still strong and ready for a full day's work six times a week. Mrs. Hussey is also in excellent health. Their record of fifty-seven years of married life is seldom equalled, and they are among the most respected people of Jacksonville.

Mr. and Mrs. Hussey have three sons: Charles Hussey, an electrical engineer now in Chile, South America; Abram Hussey, superintendent of an electric railway in Brooklyn, N. Y.; and Stephen Hussey of Virginia.

TEXAS UNSEATS LEGISLATIVE MEMBER

Austin, Texas, Feb. 10.—By a vote of 114 to 13, the house this afternoon unseated H. J. Neinst, representative from Washington, as a member of the Texas legislature. Neinst's seat was contested on his own plea of guilty to conspiring against the United States during the world war.

INTEREST SHOWN IN SOAP BOX UNIVERSITY

(By The Associated Press) RACINE, Wis., Feb. 10.—The country-wide interest aroused by Racine's "soap box university" was manifested today when it was shown at the headquarters of the constitutional defense league under whose auspices the school is being conducted that the first lessons in the free correspondence course are being mailed to one hundred groups located in localities distributed throughout 23 states.

The course consisting of twelve lessons aims to combat sedition, radicalism and socialism and supplies the students with the intellectual tools for this class of work.

MRS. THOMPSON TO GIVE READING

"Old Lady Shows Her Medals" one of J. M. Barrie's stories, will be read this morning at Illinois College chapel by Mrs. P. C. Thompson. The chapel hour is 9:40 and friends of the college are invited to be present. The program will run thru 40 minutes.

The Christian and Presbyterian churches of Woodson will unite in a Father and Sons banquet tonight in the basement of the Christian church. It is expected that 100 persons will be in attendance and a program of great interest has been arranged.

WHOLESALE LIQUOR DEALERS CHANGE TO WHOLESALE DRUGGISTS

Prohibition Director Says It Will Not Get Them By the Law

PUT CASTOR OIL IN ALCOHOL

CHICAGO, Feb. 10.—Chicago's forty wholesale liquor dealers of yesterday, today designed themselves "wholesale druggists," according to prohibition Director Ralph W. Stone, who said tonight the wholesalers believe the mere changing the name of their business will surmount obstacles recently placed in their way by a Washington ruling.

Only druggists, according to this ruling can lawfully buy liquor. The wholesalers, Mr. Stone said believe that by placing a few bottles of headache powders on their shelves can be the lawful dispensers of liquor for the drug trade.

"In some of them," said Mr. Stone, "cleverly changed their names six months ago. They are equipped to supply the wet material for a party and the remedy for the morning after."

Mr. Stone has recommended to Washington headquarters that all alcohol sold as medicines be medicated with castor oil to preclude abuse of the privilege.

MEDICAL SOCIETY ADOPTS RESOLUTIONS

Paid Honor to Memory of Dr. Wakely, Long Time Member—Interesting Discussion Followed.

At a meeting of the Morgan County Medical Society held in the Public Library Thursday evening the first half of the meeting was given over to memorial talks following the death of Dr. Thomas A. Wakely.

Dr. Wakely had been a member of the society for over fifty years and had been put on the honor roll. Dr. Thompson and Dr. Hargrove both paid tributes to his memory and the following resolution was adopted:

Whereas, by the death of Dr. Thomas A. Wakely, the Morgan County Medical Society loses one of its oldest and most highly respected members,

Therefore, be it resolved, That we, the members of said society, hereby express our desire to pay this last tribute to the memory of our fellow member and associate, who for more than half a century has been a member of this society retaining through that time the respect and confidence of all who knew him.

Resolved, also, that a copy of this resolution be inserted in the

records of the society, and that a copy be sent to Mrs. Dr. Wakely.

In a symposium on focal infection, the leaders in the discussion were Dr. W. B. Young, Dr. A. R. Gregory, Dr. T. A. Chapin and Dr. Edward Bowe. Among matters discussed was the naming of a committee to take up the question of dental hygiene in the public schools, and it was decided that the appointment of members of this committee shall be made by the president, Dr. F. A. Norris.

MR. BAUMGARDNER TO GIVE MAGIC PROGRAM

Much interest attaches to the announcement that W. O. Baumgardner will give a program of magic for the benefit of the Yonahville Camp Fire fund. This entertainment will be presented at the Pilgrim Memorial Friday night, Feb. 25. Mr. Baumgardner has been interested in legerdemain almost since his boyhood days. He makes no claim to professionalism but those who have seen some of his programs can testify to the fact of his ability.

MAJOR J. A. VICKERY ANSWERED SUMMONS

Death Came Thursday to Well Known Citizen Following Long Illness.

The funeral of the late John A. Vickery will be held at Reynolds chapel this afternoon at 3 o'clock. Major Vickery's long life came to a close at about 2:30 o'clock Thursday afternoon at his residence, 116 Westminster street following an extended illness. The deceased was classed as one of the long time residents of this city. He lived earnestly and with a faithfulness to duty that entitled him to the esteem in which he was held.

John A. Vickery was born in St. Louis, Mo., Dec. 4, 1849. His parents who had come from England but a few years before. In 1859 they removed to Jacksonville, and for seventy years John A. Vickery had been a well-known and popular resident of this city.

He was in the hotel business practically all his life, beginning at the old Park House under the regimes of Mr. Dunton, Thomas C. Ireland, and Capt. Alex. Smith. When the latter opened the Dunlap House, September 22, 1880, Mr. Vickery was made chief clerk, and for over forty years he had been a familiar and highly esteemed figure to the traveling public. He had a unique experience in that during the forty years, while on duty seven days a week, and twelve hours a day, he had but one vacation with pay, that being under the management of W. E. Killen.

Major Vickery, as he came to be known in later years, was one of the organizers of the old Morgan Cadets in the '70's and rose from the ranks to be captain of Co. I, Fifth Regiment, I. N. G. His ability and devotion to his company soon made him major of his regiment. Just before the Spanish-American war he was the ranking major of the regiment, but resigned at that time because he was unable to attend the annual encampment. That he was unable to go with his regiment to the Spanish-American war was a life-long regret from which he never recovered.

December 23, 1880, Major Vickery was united in marriage with Sue Ireland, daughter of Mr. and Mrs. Thomas C. Ireland at their home 340 West State street. Mrs. Vickery and one daughter, Mrs. Edward C. Stoddard, and three grandchildren survive him. Besides these, his sister, Mrs. Elizabeth Shiley of Lincoln, Neb., and two brothers, Edwin C. of this city and George of Seattle, Washington, live to mourn their brother's going.

In 1907, Mr. Vickery united with the State Street Presbyterian church. In all the relations of life, he showed the highest type of Christian manhood. His patient, gentle kindness endeared him to all with whom he came in contact. As indicated the service will be held this afternoon at three o'clock. Friends are requested to omit flowers.

LINCOLN DAY PROGRAM FOR WOMAN'S CLUB

The Woman's club has appropriately decided to observe Lincoln's birthday on Saturday Feb. 12, the regular monthly meeting date of the club. The session will be held at 2:30 in Odd Fellows temple on East State street. The address of the afternoon will be given by Rev. M. L. Pontius. Miss Janette Powell will supply a reading and Mrs. Marguerite Forrest will sing. A social hour will follow in charge of the social committee, of which Mrs. Ben Lurton is the chairman.

TO AID WITH INCOME TAX SCHEDULE

As previously announced, Deputy Collector S. J. Tompkins is to be available to the people of Jacksonville and surrounding territory in making out their income tax returns.

Mr. Tompkins will be in his office in the Scott Block today and tomorrow and must then go to McDonough county to fill an appointment. He will return to Jacksonville for Feb. 19, 21 and 22 and then meet another out of town engagement. His assignment includes the four final days here in Jacksonville March 11, 12, 14 and 15.

MISS ETHEL SPIRES IS BRIDE OF ALBERT SWAIN

Well Known Young People United in Marriage at Quiet Wedding Thursday Evening—Will Reside on Farm Near Sinclair.

Thursday evening a very quiet wedding was solemnized at the home of Mr. and Mrs. L. B. Spires, 326 South Diamond street, when their daughter, Miss Ethel L. Spires, was united in marriage to Albert R. Swain of Sinclair. The ceremony was performed by Rev. T. H. Tull, pastor of Grace M. E. church. The impressive double ring service was used, the ring bearers being Mary and Margaret Benson. The bride and groom were attended by Miss Inabel Swain, a sister of the groom, and Lloyd Spires, a brother of the bride.

Miss Mary Spires, sister of the bride, sang a group of songs preceding the ceremony. Miss Lula Hay, of the faculty of Illinois Woman's college accompanying. Miss Hay played "To a Water Lily," by Edward MacDowell, as the bridal party came down the stairs and took their places before a bank of ferns in the north parlor.

The bride was gowned in dark blue satin and carried a bouquet of white bride's roses. The bridesmaid's gown was of dark blue tulle and she carried pink roses.

After the ceremony and the extending of hearty congratulations an elegant wedding supper was served. The house was prettily decorated for this event, pink and white being the predominating color tones.

Mrs. Swain is the oldest daughter of Mrs. L. B. Spires and has made this city her home for the past several years. After completing a course at Brown's Business College she took a position as bookkeeper with the bank of F. Farrell & Co., which position she has held for the past three years. She is a young woman of charming manner and many accomplishments and is deservedly popular among her friends.

Mr. Swain is the only son of Mr. and Mrs. Amos Swain of Sinclair. He graduated from Illinois college with the class of 1912, and during the late war saw service in the ordnance department of the army, spending a year at a camp in Georgia. Since his return he has been engaged in farming, in which occupation he has been very successful.

After a brief wedding trip Mr. and Mrs. Swain will be at home to their friends on the farm of the groom's father, a mile north of Sinclair.

Social Events

Relief Committee Sews for Social Service League.

The Relief Committee of which Mrs. Jim Brown is chairman, met Thursday afternoon, at the Social Service rooms. The afternoon was spent in doing some very practical and much needed sewing for the use of the League in its distribution work among the needy families of the city.

The Lutheran Woman's Guild met Thursday afternoon with Mrs. H. Beusher at her residence on South Diamond street. The usual business meeting was held and the duties of the Guild in connection with the work of the church were discussed. The members brought sewing and fancy work and excellent refreshments were served during the afternoon.

Entertained Sunday School Class.

The Marys and Marthas Sunday school class of Grace M. E. church were entertained at the home of Mrs. W. J. Woods of West College street, Thursday afternoon. A large number of members were present. After a short business session a delightful social hour was spent.

Carpenters Enjoy Oyster Supper.

The Carpenters Union, 904, enjoyed an oyster supper at the Larch Temple Thursday evening, with about fifty present. The menu consisted of oyster soup, oyster cocktail, pickles and celery. The committee in charge was, Charles Howard, Joseph McCarty, W. W. Wright, J. H. Scott and Charles Nemes. Lewis Hahn, doorman, Ben Owens made the soup. After the supper the members enjoyed a smoker.

Helping Class of Hebron Church Meets

A very good attendance marked the regular meeting of the Helping Class of Hebron church, held yesterday afternoon at the home of Mrs. Albert Hopper northeast of the city. The devotional exercises were led by Mrs. A. G. Waterfield, and after a very brief business session the hours were given over to sewing carpet rags. The guests present were Mrs. Harry Martin of Jacksonville and Mrs. Robin Strawn. During the afternoon the hostess served delicious refreshments.

Mr. and Mrs. Ralph Goltra Surprised by Neighbors

Mr. and Mrs. Ralph Goltra of the Point neighborhood were pleasantly surprised by about seventy of their friends Thursday evening. The company descended on the Goltra home with an abundance of oysters and all the trimmings and the time was spent in a social way. Miss Leota Tendick gave a musical program during the evening that was greatly enjoyed. Mr. and Mrs. Goltra soon leave their present home to reside on Mount avenue and the affair last night was in the nature of a farewell.

Topeka, Kans., Feb. 10.—A bill introduced in the house provides that Kansans whose incomes exceed \$36,500 a year shall pay one fourth into the county treasury. No tax is placed on smaller incomes.

FATHER AND SONS AT BANQUET BOARD

Good Fellowship Marked Event at Central Christian Church—Two Hundred Present.

The annual Father and Son banquet for members of the Central Christian church was held Thursday night at 6 o'clock in the basement of the church. There were over two hundred men and boys present. The ladies of the church had spread twenty tables and had so organized their forces that the entire gathering was served almost as one. The dinner was excellent and bountiful.

Following the banquet the pastor, Rev. M. L. Pontius spoke briefly to the boys, basing his remarks upon memories revived by a recent visit to his mother. He made numerous comparisons between the times of our grandfathers and the present, and explained to the boys how much greater were the privileges they were enjoying but that with this came possibly greater temptations. He told the boys that many of the things seen and heard now would pass temporarily from the memory only to be called to mind in later years and explained the importance of clean and honorable living day by day these future memories may be pleasant and profitable ones.

The following is the program in detail:

Invocation—Rev. O. C. Bolman.

Dinner—With music by S. S. Orchestra.

Reading—Mrs. B. O. Roodhouse.

Introduction of Speakers—M. L. Pontius.

Five minute talks.

An Ideal Father—Paul Bolman.

An Ideal Son—Frank Byrns.

Song—Illinois.

Relationship of Father to Son—Jacob Frisch.

My Ideal of a Man—Abram Wehl.

Our Country and Home—W. H. Crum.

Song—America.

Benediction—A. C. Rice.

A standing vote of thanks to the ladies for their good dinner and for their interest in the men and boys of the church was called for and given. It was then moved and carried that at some near future date the men and boys provide and give a similar banquet to the mothers and daughters of the church, and Rev. Mr. Pontius thereupon appointed a committee of six, with H. C. Clement as chairman, to arrange the details and carry out this arrangement.

The Sunday school orchestra played numerous selections during the dinner which added greatly to the enjoyment of all.

BOY SCOUT COUNCIL NOW ORGANIZED

Officers Chosen to Manage Affairs of Scout Movement—Business Men Join in Work.

As recently announced, officers of the Jacksonville Boy Scouts Council, second class, were chosen at a largely attended conference. However, the names were not made public until those elected had been consulted. Since all have expressed their willingness to take up this work, the list was made known last night. The officers and charter members are listed below. There are but twenty-two names in the list but more must be secured in order to complete the necessary twenty-five to secure the commission from the national office. The organization is expected to have a much larger membership within a very short time.

The officers and charter members are:

President—John S. Hackett.

First Vice President—J. J. Kelly.

Second Vice President—Harvey White.

Third Vice President—Fred Hopper.

Secretary—J. S. Findley.

Treasurer—W. J. Brady.

Scout Commissioner—D. V. Gowdy.

Charter Members—Harry Walker, W. B. Marbach, T. H. Tull, George E. Johnson, G. H. Putnam, G. E. Zellmer, George Drennan, George Edman, Jr., G. H. Kopperl, C. F. Ehler, T. J. Smith, W. G. Goebel, H. J. Rodgers, Byron Armstrong, E. E. Crabtree and Arthur Cody.

PLEASED LARGE AUDIENCE

The audience which gathered at the School for the Deaf last night to witness the presentation of "Deacon Dubbs" completely filled the auditorium. The play was staged by the young people of the First Baptist church and the performance gave ample proof of both the ability of those in the cast, and the careful work that they have been doing in rehearsals. "Deacon Dubbs" is a comedy drama.

There are plenty of amusing situations and clever lines. Along with these things runs a worth while story and the audience last night was thoroughly entertained.

There are three acts in the play and the inter is maintained from the time that the curtain first goes up until the close.

AS OLD AS THE PYRAMIDS

The marionettes, altho one of the oldest forms of entertainment, never grows old. Like music, poetry, song, and drama, and all other things that centuries have endeared to the human heart, their appeal is universal.

The Chinese and Greeks gave elaborate puppet performances before the time of Christ.

Nor have these entertainments been primarily for children, as is commonly supposed in America. For instance, there were used thruout the Middle Ages to enact the miracle plays. And nearer our own time, it is to be noted that Goethe's great drama "Faust" received its very first presentation at a puppet performance. Today Maeterlinck's plays are sensationally successful on the puppet stage of France, while in Italy the puppets act both tragedy and comedy, and even dance the Russian ballet.

The proof of the pudding is in the eating, and those who see Lillian Owen's Marionettes on Tuesday, Feb. 15 at the David Prince Gym, especially the evening performance which is planned for grownups, will understand why puppets have always held the interest of people, big and little. Tickets 50 cents, \$1 and \$1.50.

LARGE BIBLE WANTED.

Have You Seen it Yet?

Does it seem possible to you that twenty five cents will actually buy anything that is really worth twenty-five cents now-a-days? Could you believe it if you saw a tooth paste of the very best on sale for twenty-five cents? Would you believe it if you saw a regular fifty-cent face powder on sale for twenty-five cents? Does it seem at all likely that there is a cold cream of real merit available for twenty-five cents? Would you like to know where you could get three cakes of the best grade toilet soap for a quarter? Can you get anywhere else a LARGE jar or vanishing cream for this same amount of money? How long has it been since you were able to buy a tooth brush of fifty cent quality for twenty-five cents? Finally, are you willing to save twenty-five or fifty cents by walking a few steps or stopping a few seconds as the case may be, to look in a window where all the above are displayed? If so on the east side of the square, next to the Elliott State Bank you will see a window with an abundance of these articles displayed. Have you seen it yet?

SCHOOL BONDS SOLD BY BOARD THURSDAY

Issue Taken by W. R. Compton & Co. — Bid Amounted to \$140 Less Than Par.

At a special meeting of the board of education held Thursday night bonds recently advertised were sold to W. R. Compton & Co., of St. Louis. This firm offered to take the bonds at \$1.736 below par, the purchaser to pay for the legal opinion and for the printing of the bonds. This means a net price of \$98.60 for the bonds, or \$1.40 below par.

Other bidders were Bolger, Mosser & Willman, \$2050; A. B. Leach & Co., \$1,975; Harris Trust Co., \$2,740. The last mentioned firm also made an offer to take the bonds at 5 per cent with a reduction of \$6175.20. The board members figured long and earnestly but could not find that taking all things into account, that the 5 per cent bid would yield a better return than that offered by W. R. Compton & Co.

Until the board retires \$11,000 of bonds this year from tax collected for that purpose, it will be possible to issue only \$124,000 of the bonds as this will bring the total amount up to the legal limit. Compton & Co. will take \$124,000 of the bonds now and \$11,000 a little later.

At the session of the board last night President Lippincott presided and the members present were Dr. Black, Dr. Duncan, Messrs. Rapp, Metcalf, Rogerson, Muelhausen, Hopper and Secy. Fiedler.

After the last meeting when no bids were received, the finance committee was instructed to take the matter up with bankers and bond houses privately and it was in this way that the bids were secured. The sealed bids were opened by the secretary.

Deaths

Mansfield.

Erma Ray Mansfield, two year old daughter of Mr. and Mrs. Bert Mansfield, of Murrayville, died Wednesday, February 9th at 6:30 p. m. at Our Savior's hospital. Death was due to pneumonia and not to the result of burns received in an accident several weeks ago.

The body was removed to the undertaking parlors of J. H. O'Donnell and prepared for burial. The remains were taken to Murrayville Thursday morning and funeral services will be held from there.

Mansfield.

The funeral of Carmen Rae Mansfield, two year old daughter of Mr. and Mrs. A. B. Mansfield of Greenfield, will be held at two o'clock this afternoon from the M. E. church at Murrayville, in charge of Rev. William Johnson. Interment will be in Murrayville cemetery.

The child passed away at 5:30 o'clock Wednesday afternoon at Our Savior's hospital in this city, after a few days' illness of pneumonia. About ten days since the little one was severely burned when she fell into a pan of boiling water. She had apparently recovered from the effects of this accident but a few days since developed pneumonia, which resulted in her death. She is survived by her parents and one sister, Rena May.

TRI-CITY DEBATE GOES TO SPRINGFIELD

Capital City High School Students Successful Here and in Quincy.

Springfield, Ill., Feb. 10.—The triangular debate on, "Resolved, That European immigration into the United States should be further restricted," in which debating team from the Springfield, Quincy and Jacksonville high schools participated tonight was won by the local teams, one of which argued the affirmative and the other the negative side of the question.

Quincy won one decision.

The second team from the Springfield high school arguing the affirmative side of the question here with Quincy was given the unanimous decision by the judges. Professors William C. Casey and Clyde W. Hart, both of James Milliken University, of Decatur, and O. L. Bookstahler, principal of the Monticello community high school.

The first team arguing the negative side of the same question won from the Jacksonville team at Jacksonville two to one.

The Quincy team unanimously won its argument from Jacksonville at Quincy.

A large audience assembled at the David Prince school here for the debate and the keenest interest was manifested. Principal B. F. Shafer presided. The question for debate is one which the public has long discussed but has special interest at this time because of prevailing conditions of non-employment in the big industrial centers.

The members of the Jacksonville team in the home debate were Kenneth Barton, Helen Rose and Robert Furry. At the conclusion of the debate, after some discussion, the judges by a vote of two to one decided in favor of Springfield. The judges were, Dr. T. W. Smith, Miss Abert of Illinois Woman's college and States Attorney Carl E. Robinson.

Jacksonville was represented in Springfield by Wayne Stanley, May Dewesse and John Glenwright.

COURT HOUSE CLOSED ALL DAY TOMORROW

Offices in the court house will be closed all day tomorrow in observance of Lincoln's birthday.

FIRST PRIMARY PETITION IS FILED

Mayor E. E. Crabtree Is Pressed Into the Running—Petitions Circulated Without His Knowledge—Mayor Says He Will Serve Again If People Want Him.

Without the knowledge or consent of Mayor E. E. Crabtree, he became a candidate for re-election yesterday. It came about in this way. Friends of the mayor who believe that it will be for the best interests of the city to have him serve as chief executive during another two year period, circulated the petitions and then placed them on file in the office of the city clerk. Under the law it requires 30 signatures on a petition to place the name of the candidate for city office on the ballot. The petitions circulated contain about 300 names of men and women living in different parts of the city.

Among persons who circulated petitions were, Thomas V. Hopper, S. A. Fairbank, W. H. DeShara, James A. Scott, Miss Faugust, John Easley, Frank Byrns, Percival Coover, C. O. Bayha and M. C. Hook.

It has been generally known by Mr. Crabtree's friends that he would at least be very reluctant to again be a candidate, as the duties of mayor are onerous when added to the pressure of business. Those who urged his candidacy by the petition method recognized this fact but as already suggested, in their action were making first consideration of the interests of the city.

When informed yesterday of the action taken, Mayor Crabtree said: "The filing of the petitions to place my name on the ballot in the coming primary was entirely without my knowledge or consent. I feel a certain sense of appreciation for the confidence thus expressed by those who took the matter into their hands in the circulation and signing of these petitions. The office of mayor is not one that I would seek, but I do realize that there are certain unfinished tasks that should be brought to a satisfactory conclusion in the course of another two years.

"It has been a matter of firm intention on my part to have introduced in the council an ordinance fixing the salaries of officers and councilmen for the coming year, so that persons elected to serve may do so with the knowledge in advance of the salaries to be paid. Such an ordinance will still be passed, so that it can be applicable to the persons elected. As for myself, I could not think of taking the office on a salary basis.

"While I have endeavored to do my duty as mayor of Jacksonville and feel that some worth while things have been accomplished, I realize that there have been some mistakes and that there are many unfinished tasks. As chief executive of the city a man, if successful, must overcome many obstacles and many demands are made that it is impossible to meet. While I am loath to undertake the burdens and responsibilities of another term, there have been many pleasant features during the past two years, not the least of which has been the hearty co-operation accorded me by the aldermen and other officials of the city. It is a matter of record that during this administration the council has worked with entire unanimity.

"As I have stated, the petitions for my re-election were filed without my knowledge but I count them as evidence of confidence in me as mayor. I have sought to keep the interests of Jacksonville paramount. I cannot at the present time state my position more definitely than to say that if it is the desire of the people of Jacksonville that I should serve them two years more I am willing to do so, and as you will readily understand, only on the \$1 a year salary basis.

"It is my desire if nominated, that competent candidates be chosen. I have especially in mind the office of city clerk. The duties there are exacting and to have the office conducted as it should be requires the services of a thoroughly competent person."

It has been a great satisfaction to me in the course of the two years about closing to find so large a number of people ready to co-operate in working for the things that they have felt to be for the best interest of Jacksonville and I am sure that if the people of the city continually work together that the future holds satisfactory development.

OFFICE OF CITY ATTORNEY NO LONGER ELECTIVE

The interesting fact has just come to notice that the office of city attorney is not now elective. At the last session of the legisla-

ture at law was passed providing that in cities operating under the law in effect here, the office of city attorney shall be filled by appointment instead of election. John J. Reeve, who is especially well versed in law matters relating to municipalities, discovered this law in a recent reading of the statutes.

Miss Edna Smoler took a position at Waddell & Co's. Thursday. Miss Smoler's home is in St. Louis and she has been visiting in the city for the last two weeks at the home of Miss Irene Smith.

Among Waverly callers in the city yesterday were, Mrs. Lyle Dennis, Sydney Burnett, and Fred Curtis.

MANY AUTOMOBILE LICENSES ISSUED

Almost 50 Per Cent as Many Issued in Illinois During January as During Entire Year of 1920—Peak of Rush Now Over.

Springfield, Feb. 10.—Almost fifty per cent as many auto licenses as were issued during the en-

tire year of 1920 were issued during the month of January. L. L. Emerson, secretary of state, announces.

In 1920, 568,000 plates were sold, while during the past month alone, more than 270,000 licenses were issued. Mr. Emerson said. Receipts totaled approximately \$2,750,000, breaking all records for a single month's receipts in the history of the state automobile department.

An office corps of 89 persons was kept busy during January under the direction of Walter Miller, chief of the automobile department.

Through an unique plan devised by Mr. Miller, there was no delay in filling all orders promptly. Special envelopes were made expressly for the department, and in these were put both the license plates and the registration card, the name and address on the card serving as the address for the envelope. To expedite delivery, all packages were sent directly to Chicago, where the mail facilities are better for handling the thousands of plates than they are in the Springfield post office.

Under this mailing plan, Mr. Miller stated, each set of licensed plates cost the state only 54 cents this year.

"The peak of the rush is over," he said, "but we expect to be busy filling orders for the next several months. We anticipate the total receipts for 1921 will run approximately \$65,000 over 1920."

Mrs. C. D. Bone and son Ernst of Prairie City, Ill., are guests of Mrs. Bone's sister, Mrs. William E. Hall, South Diamond street.

TREE PLANTING CAN PREVENT AND CONTROL GULLIES

December 1st, 1920, R. B. Miller, State Forester of Illinois, with Dr. R. S. Smith, assistant professor of soil physics and Professor H. J. Snyder, assistant professor of agronomy, made a trip to the soil experiment field at Elizabethtown, in Hardin county, with the idea of investigating the subject of erosion on farm lands from different angles. This field is one of the soil fertility plots which are maintained by the University of Illinois throughout the state. This one is two miles from Elizabethtown on the Ohio river. The field is on typical upland and timber soil, with slopes of not over six degrees in any place and has three very bad gullies thru it extending or opening down to the high way along one side.

A division of this part was made roughly between the departments of soil physics and forestry after a brief preliminary examination of conditions. An effort will be made to control the gullies by cropping in the one case and by planting trees in the other, about six acres being devoted to the latter experiment.

Mr. Miller says of his part of the work:

"We are not familiar with the methods of the soil physicist but the forester in such a case makes what is known as a 'planting plan,' based upon the character of the topography, underlying rock and soils, choosing those species of trees which are best adapted to the soil in question and will at the same time have some commercial value in addition to that of holding the soil and preventing erosion. The vegetation on the ground, both herbaceous and woody, is a guide to what species should be chosen for planting and the physical characteristics of a soil are in forestry considered of greater importance than chemical composition.

"If the land to be reforested is extensive and the operation will require several years, the forester considers the advisability of raising planting stock right on the ground, since there is not so much danger then of loss of plants thru shipping them for long distances to the planting site. He must then figure out the amount of area required for seed and transplant beds, the yearly capacity of his nursery and whether the seedlings can be raised more cheaply than they can be purchased of dealers." As to choice of species of trees to plant Mr. Miller says:

"Hardy native species are to be preferred unless they are subject to some serious insect or fungus injury, when some other must be present case. We found such species as cottonwood, sweetgum, tulip, red gum, honey locust, elm, and among the less desirable species, sassafras, persimmon, bird cherry, red haw and juniper. It is assumed that any of the first four trees would do well; also such trees as red oak, black walnut, on the lower parts of the field or pin oak, hickories and basswood.

"As to black locust, a tree which has been used very much on gullied ground both in Indiana and Illinois, planting of this seems of dubious value at the present time on account of the damage done to plantations by the locust borer. The state forester of Indiana, in a recent letter says that there is not one good plantation in the state and reports from Illinois are not very encouraging, although there may be limited regions where it may escape damage. This is unfortunate because the black locust has many advantages as a tree for planting on waste and gullied land. Its profuse sprouting habit makes it a good soil holder—and it will produce good posts being one of our most durable post timbers. Being a legume it will also enrich the soil thru its root tubercles and we have seen a soil of pure sand transformed by it into a good bluegrass pasture and the drifting of the sand entirely stopped by this tree."

Mr. Miller goes on to say that the idea of stopping soil erosion and gully by means of planting is not a new one. It has been successfully carried on in France for many years. In Tennessee the state forester has been making experiments in planting black locust for the reclamation of such land. In the reports of the Illinois Soil Survey mention is made of the plantation of J. C. B. Heaton, at New Burnside, Johnson county. Mr. A. N. Abbott of Morrison, Illinois, has also reclaimed a field of forty acres of "blow sand" by planting black locust, pines and cottonwood.

According to Dr. Hopkins, late of Illinois, 90 per cent of Hardin county is classed as upland and timber soil. Soil experts find these upland timber soils deficient in nitrogen or humus and methods of cropping are calculated to restore to the soil its nitrogen, so that they will then have a greater capacity to hold water. The forester believes that if the leaves and needles from trees are burned off or otherwise lost they will decay and not only increase the absorptive power of the soil for water but will also increase its humus or leaf mould will absorb from two to four times its weight of water. As to the latter statement we may be quite radical but we believe that the poor nitrogen content of upland timber soils can be explained on the basis that the humus was burned off by repeated forest fires or washed down the hills to enrich the valley soils. Deficiency is not due because the nitrogen content was burned out or leached out."

This experiment at Elizabethtown is small but significant. There are thousands of just such acres in Illinois. It is the neglect to grow a wood crop upon these idle acres, along with forest devastation which is responsible for the present scarcity and high price of forest products in this country. "As in the present instance," says Mr. Miller, "let the soil expert and the forester choose their respective shares of the job, bringing to bear all of the accumulated experience of the past upon the problem."

William Sargent from the region of Markham called on city merchants yesterday.

STATE HAS MANY CASES OF SLEEPING SICKNESS

Springfield, Ill. — Sixty-eight cases of "sleeping sickness," more properly called epidemic encephalitis, were reported to the Illinois state department of health during the month of January, according to Dr. C. St. Clair Drake, who reported as director Feb. 1.

These cases were distributed as follows: Cook county—Chicago, 58; La Grange, 1; Maywood, 1; Oak Park, 1; Downstate—LaSalle, 1; Woodstock, 1; Alton, 1; Jacksonville, 1; Springfield, 1; Anna, 1; and Rockford, 1.

The number of cases for the month greatly exceeds the record of any month since the disease was first reported in March, 1919, Dr. Drake said.

"In fact, there have been very few cases recorded since the little flareup in the early spring of 1919 up to the past month. The situation in Chicago, where 58 cases were reported, is especially interesting, but is not regarded as threatening serious developments."

UNIVERSITY TO RAISE MONEY FOR CHINA
Chicago.—A campaign to raise money among the students at the university of Chicago for the furtherance of Christianity in the schools of China will begin a week from today. Two student committees have been formed, one of men and the other of women, for the drive.

The campaign was instituted by the Y. M. C. A. and Y. W. C. A. at the university. It is the hope of the promoters of the movement to see the university establish a name in China similar to that of Princeton, Harvard and other eastern colleges.

H. B. Adams of Louisiana, Mo., was in Jacksonville yesterday. Mr. Adams has recently bought a garage in Waverly and he was tending to business relative to the transaction.

Mr. and Mrs. William Bishop from East of the City, have been among Jacksonville visitors this week.

TO BEAUTIFY

COMPLEXION

All You Need is Stuart's Calcium Waters to Clear the Skin of Pimples, Rash, Blackheads and Such Local Skin Eruptions

The Calcium sulfide in Stuart's Calcium Waters is nature's contribution to skin health. It is the substance that seeks the skin, assists in its activity to prevent stagnation, to stimulate circulation and divert impurities from finding lodgment in the skin texture. It sweeps its way through the bowels, removing wastes that otherwise may be absorbed into the circulation and thus try to escape thru the skin. Use these waters regularly for a few days and notice how the skin clears, how pimples, blackheads and such kinds of skin eruptions are removed. They simply cannot remain. Their redness and itching disappear. Proper food and Stuart's Calcium Waters will surely take the place of all your creams and lotions and you won't need your powder puff. Get a 50 cent box of Stuart's Calcium Waters today at any drug store and join the ever-growing throng of American complexion beauties.—Adv.

NEW LIVE STOCK INDUSTRY UNAFFECTED BY SLUMP

And now whom do you think has come into his own? None other than the Billy goat. De-Haan and Co., of Leeds, Iowa, importers and breeders of Toggenburg and Sanaan goats recently sold a buck kid for \$750 and expressed it to California. Another sold for \$50 and was shipped to Illinois. This company imported about 125 goats last spring and is doing a thriving business supplying goats for breeding purposes.

But there is a Billy goat in the United States who can sniff at one that has sold for less than \$1,000. A two year old Angora billy born and brought up in Oregon, recently sold and was sent to San Angelo, Texas. The sum of \$1,750 was paid for him!

The goat is taking the place of the family cow for many homes and is being bred as carefully as milk cows. People who want to be sure of a clean milk supply but who live within the limits of municipalities that would not tolerate a cow, can keep a goat. And the goat apparently is immune from tuberculosis, takes up little room, easy to feed, and altogether, so those who have tried them assert, a most desirable adjunct to any family. So far Texas has more goats than any other state in the Union; she has, it is claimed, about 2,000,000.

HENNERLY HINTS

Have you been wondering when is the best time to mate up your flock? Here are pointers from veterans in the service of the hen.

George B. Ferris of Grand Rapids, Michigan, who breeds the Ferris White Leghorns says: "We mate our pens just as early as we possibly can and try to have them mated up at least two months before the breeding season begins. This gives the birds an opportunity to become thoroughly accustomed to their new quarters and give the best possible results during the breeding season."

Mrs. Ruth Daniels of Webster City, Iowa, breeder of Sicilian Buttercups, asked when she mated her pens, replied:

"I always mate my pens about the middle of January because I begin to save my eggs for hatching about the middle of February and I think the male bird should be with the hens at least four weeks before you are sure of the eggs being fertile."

Note the walls of your poultry house these cold mornings and if you find them covered with frost consider it a warning. It means that you must ventilate if your flock is to continue in health. A flock will do better in a dry cold coop than in a warm moist coop. Dampness will harm a flock and harm it quickly; a dry coop is a powerful factor in warding off poultry troubles.

One of the safest and best ways to ventilate is by means of a curtain. The curtain may take the place of a window if it is so located that it will allow a draft to reach the birds at roost. That is something fowls cannot stand. Be sure to know that the opening, if curtained, is far enough from the roosts to admit no draft to the birds.

Lessons—Desserts—Mrs. Wm. Hildebrand. Paper—Gelatine and its food value.

Paper—Mrs. Logan. Music—Miss Helen Rockwood.

The program was of unusual interest. 23 members were present.

The following delegates were appointed to attend the Household Science club convention at Danville, Feb. 22, 24, and 25: Mrs. Chas. Wills, Mrs. Wm. Hartnady, Alternates, Mrs. Harvey Logan and Mrs. George Wyckoff. After the business session refreshments were served by the hostesses. The club adjourned at 5:30 to meet with Mrs. Chas. Oakes Tuesday, March 8.

Mrs. J. C. Lewis left Tuesday for an extended visit in California. Miss Gladys Burbank who has been spending the winter with her brother, Dr. Archie Burbank and family in Kansas.

George Bean, near Exeter, is critically ill at his home.

Mrs. Lafayette Six entertained a number of little friends at her home Wednesday evening from four o'clock until six in honor of the 10th birthday of her daughter, Gladys. Music and games were furnished for amusement and the hostess served a luncheon which pleased the young guests.

Walter Ranft, second son of Mr. and Mrs. Ed Ranft and Miss Helen Morrison, daughter of Mr. and Mrs. John Merriman, were united in marriage at the Lutheran parsonage in Bluffs at 8:30 o'clock Tuesday evening. The groom is a farmer east of town and has charge of the Ranft farm. The bride is the second daughter of a prosperous farmer, near Oxville. After the ceremony the happy couple left for their home near town.

year for maturing seed corn
with the result that we have the
finest lot of well dried 1920 crop
of seed corn that we have ever
grown. This corn is gathered
early in the fall and placed on
drying racks when it is very
slowly dried down to twelve or
fifteen percent moisture con-
tent. This corn is of very
high vitality. We have been in
the seed corn business in a large
way for over thirteen years and
have the largest and best
equipped drying plant in the
world. Our down town plant
is in the center of Mason City.
Right on the hard road between

ANN ARBOR SEEKS TO
SEAT FOOTBALL CROWDS

Ann Arbor—By the A. P.—
Construction of a bowl with a
seating capacity of between 65,
000 and 100,000 persons, to re-
place the concrete stands on
Gerry Field, is contemplated by
the athletic board of control at
the University of Michigan.

Because of the enormous at-
tendance at conference football
games during the 1920 season,
original plan for a U-shaped con-
crete stadium has been
abandoned. Members of the
board decided the stadium, de-
signed to seat 43,000 persons,
would be inadequate to care for
the growth in attendance ex-
pected during the next few years.
It started soon, and that the plant
would be read for the 1921 foot-
ball season.

Temporary additions to the
present stands probably will be
built at Ferry Fields this year. It
was said. Funds for bowls on
Gerry Field, is not available
at present, but members of
the board believe construction
on the new project will be started
within a year or two.

REPORT ON OIL AND
GAS WELLS IN STATE

Springfield, Ill.—It required
the use of 10,400 quarts of nitro-
glycerine to "bring in" Illinois' oil
and gas during the past year,
figures computed by the state de-
partment of mines and minerals
and herewith printed show.
The deepest oil well in the state
was drilled by the Citizens Oil Co.
of Louisville, Ky., in Lawrence
county. It reached a depth of
1,860 feet.

The report shows there are 13,
175 oil and gas wells in the fol-
lowing counties of the state: Bu-
ena Vista, Clark, Clinton, Cook, Craw-
ford, Cumberland, Edgar, Han-
cock, Lawrence, McDonough, Ma-
copin, Madison, Marion, Pike and

There Has Been
—a—
Reduction
—in—
Tire Prices

But that's not the point. In addition there are more cars running this winter than ever before, because there has been little or no snow. This means that there are more tires being worn out. The common saying is, I will make the old ones do. Do until the price comes down. This may and may not come.

What Does This Mean?

That instead of buying one tire now, you will have to buy three or four later. Buying what you need now, will distribute your expenditures, at different times over the year, and to most people is easier done.

OHIO FARMERS CALL FOR PRICE REDUCTION

Agrarian Pursuits of State May Be Seriously Curtailed if Prices for Farm Machinery and Other Things Are Not Reduced.

Columbus, O.—Will there be a strike of Ohio farmers this year? Will the agrarian pursuits of one of the country's leading producing states be seriously curtailed, because farmers are angered at what they consider an unfair ratio between the prices of the things they grow and the things they have to have?

These questions are brought to the fore from answers to questionnaires from correspondents of the Government crop statistician service received from 72 of the 88 counties in Ohio, by W. F. Callendar, Government crop statistician for Ohio.

One correspondent appended to his report, about the farmer, "he must go naked, drink pond water, and be content to read last year's almanac. It is enough to make angels weep."

The report shows a widespread demand on the part of farmers that the prices of farm machinery, lumber, fertilizer and other things which they have to buy, be reduced to put them on the level with reduced prices of farm products. A material curtailment of crop acreage this year may result from this dissatisfaction, Callendar declares, because many farmers are frank in asserting they will not get along with the old equipment rather than pay current prices for the new.

Uniform complaint against wages asked by farm laborers is noted

KANSAS CONTRIBUTES CORN TO FAMINE SUFFERERS

Topeka, — (By the A. P.)—The story told in brief cablegram received here by Dr. Charles M. Sheldon, editor of the Christian Herald, from Charles L. Crane, American ambassador in Peking, stating 10,000 people in North China are dying daily from famine, has lent impetus to the movement inaugurated in Kansas to contribute corn for those starving people.

Twenty car loads of corn already have been contributed," said Dr. Sheldon, whose home is in Topeka. "We expect to send at least a hundred car loads of corn from Kansas. It will be shipped from Tacoma, I am advised by grain men that thoroly dried corn can be shipped without danger of deterioration. We find that the appeal for corn meets with approval among farmers who are long on corn and possibly short on ready money just at this time."

The appeal for corn was sent out in cooperation with J. C. Mohler, secretary of the state board of agriculture. Dr. Sheldon is one of the American committee of 120 which has undertaken to raise \$3,000,000 for Chinese relief.

Folks who use Kingnut know that its delightful flavor, its uniformly high quality, its smooth texture are the result of the great care and scientific skill used in making it.

Put generous helpings of Kingnut on griddle cakes and in vegetables; spread it on toast, biscuits and rolls; use it in batters and doughs and all forms of cooking.

Use Kingnut for a while and then figure what you save on your food bills.

Try a pound of Kingnut and know for yourself how good it is. Put it on your order list today.

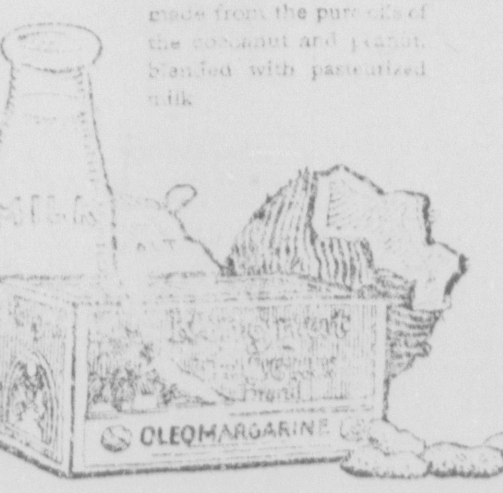

Kingnut is made and guaranteed by Kellogg Products, Inc., Buffalo, N. Y.

Warning

Don't be misled by the cheap, cheap margarine on the market. Kingnut is made necessary by the survival of an old law. Kingnut contains no animal fat. It is made from the pure oils of the coconut and peanut, blended with pasteurized milk.

The Victrola is Music

The Victrola is not merely the foremost reproducing instrument in an age of wonderful development—BUT, in connection with Victor Records, it is absolutely, the Great Artists, themselves, entertaining you.

The very soul of the musician is brought to you with all its feeling—even the faintest whisper of the wonderful Galli Curci is true to life—she, herself, endorses it.

In sending a Victrola to your home, we feel that we have helped create an atmosphere of contentment that nothing else can equal.

Why Not Have Music?

A few dollars paid monthly or weekly on our easy payment plan will bring more enjoyment to your entire family—children too—than you ever dreamed of. Try it.
